We had a fun week of learning about Pirates. The fiction stories that we read made pirates seem like fun guys, but the information book that we read about pirates helped us realize that they were really mean and scary! After we read a few stories about pirates, we brainstormed everything that we would need for a pirate center. Next, we got busy making a pirate ship. (Our reading table makes a great ship when you tip it over!) Each day, we added to our pirate center with spyglasses, sailor hats, treasure, and treasure maps. Check out our picture online.

Save the Date!

We have also set the date for our Kindergarten Celebration of Learning. This will be in our classroom on Thursday May 15th at 1:30 pm. We will be celebrating with songs and a video from the past year followed by snacks and juice and a chance to view all of our class books from the year.

Math

We started our topic on Money this week. The “K” Kids are expected to identify/name the penny, nickel, dime, and quarter and know the value of each. We will also be counting and adding pennies and nickels.

Next Week

Oceans

Monday...Computer Lab/Art

Tuesday...PE/Music

Wednesday...Computer Lab/Library

Thursday...PE/Music

Friday...Computer Lab
