Language Arts*Science ***Social Studies***

We spent the week learning all about the number 100! Tuesday, we read 100 Hungry Ants and learned different combinations of numbers that equal 100. We also made "100" glasses and hats to wear for our party. For our 100 Party, we jumped through a huge "100" mural and decorated our room with 100 balloons. We did bunches of "100" activities, but the hardest one was being quiet for 100 seconds. Friday, we made 100 hungry ants! We also worked with our 6th grade buddies to create our collages of 100 Things. They are decorating our kindergarten hallway. Check out our class website for pictures of all of the fun.

Next Week

Groundhog Day / Shadows
Valentine's Day

Mon...Computer Lab

Tues... PE/Music

Wed...Computer Lab/Library

Thurs... PE/Music

Fri...Computer Lab/Art

Math

Much of our math this week was integrated into our 100 Day activities. We really concentrated on number recognition of numbers all the way to 100. We made puzzles, found patterns, and created designs on a 100 chart.

Valentine Boxes

The "K" Kids will be working with their big kid buddies to create Valentine Mailboxes for our classroom party on February 12^h. If you have any shoe boxes (or boxes about that size), please send them to school with your child by February 3rd. We do have a few boxes available in our storage closet at school.

Valentine Cards

A list of the "K" Kids is on the back of this newsletter so that your child can begin writing out Valentines. Please start early and have your child write out his/her own Valentines. This is great writing/reading practice. They may bring the Valentines in any time prior to Wednesday, February 12th (party day).

Sincerely,

Mrs. Brockhaus, Mrs. MoneyMaker
and the "K" Kids
